

# Boron Metalin 150

## Product Data Sheet

|                                      |   |           |                    |         |               |
|--------------------------------------|---|-----------|--------------------|---------|---------------|
| <b>Chemical Name:</b>                | <b>Boron Metalin 150.</b>   |           |                    |         |               |
| <b>Grade:</b>                        | Agricultural.   |           |                    |         |               |
| <b>Act 36 of 1947 Reg No:</b>        | B 4246  |           |                    |         |               |
| <b>HTC Code:</b>                     | 2810.00   |           |                    |         |               |
| <b>Appearance:</b>                   | Straw-coloured liquid.  |           |                    |         |               |
| <b>Packaging:</b>                    | 10 ℓ High density polyethylene (HDPE) Agritainer.   |           |                    |         |               |
| <b>Recommended Use:</b>              | Liquid fertilizer.  |           |                    |         |               |
| <b>Foliar Application:</b>           | Ensures correct nutrient at correct timing for immediate uptake by leaves and/or fruit.   |           |                    |         |               |
| <b>Boron function within plants:</b> | <ul style="list-style-type: none"><li>• Protein synthesis.</li><li>• Water management and transport.</li><li>• Pollen formation and germination.</li><li>• Increase in flower and fruit set.</li><li>• Cell division, cell wall formation and stabilization.</li><li>• Formation of plant hormones.</li><li>• Nitrogen and carbohydrate metabolism.</li></ul> |           |                    |         |               |
| <b>Specifications:</b>               | <table><tr><td>B (Boron)</td><td>150 g / ℓ minimum.</td></tr><tr><td>Density</td><td>± 1.38 kg / ℓ</td></tr></table>  | B (Boron) | 150 g / ℓ minimum. | Density | ± 1.38 kg / ℓ |
| B (Boron)                            | 150 g / ℓ minimum.  |           |                    |         |               |
| Density                              | ± 1.38 kg / ℓ   |           |                    |         |               |

**The Metalin product range offers the following advantages:**

- ✓ Nano-engineered particles (smaller is better).
- ✓ High nutrient concentration.
- ✓ Pours and disperses easily into spray tank.
- ✓ ISO 9001, 14001 and OHSAS 18001 certified.
