

Potassium iodide

Product Data Sheet

Chemical Name:	Potassium Iodide.
Molecular Formula:	KI
Grade:	Stabilized grade.
Appearance:	Colourless or white crystals / granular powder.
CAS Number:	7681-11-0.
EC Number:	232-659-4
Packaging:	25 kg Polyethylene bags.
Recommended Uses:	Trace element in animal feeds and/or dietary supplement and food additive.
Specifications:	Iodine 68.0 % minimum. Assay as KI 89.0 % minimum.
Typical Analysis:	Arsenic 3 ppm Cadmium 2 ppm Lead 4 ppm Mercury 0.1 ppm Loss on drying 1 %
Particle size:	98 % < 250 micron.

Manufacturer/Distributor:

11 Jasper van der Westhuizen Street, Potchindustria,
Potchefstroom, North West Province, 2531, South Africa.
